

## Online Gatherings with BLVD KITCHEN!

We've come to love bringing people together online, especially when the results are so delicious. Whether you have clients in different cities, a team spread between home and the office, or family and friends across the country, a BLVD virtual event is a great way to stay connected.

Every BLVD Online Event includes a Chef and cheerful BLVD Host, a private Zoom meeting room and a printable event plan which is provided in advance to all participants with the recipe, ingredients and equipment needed.

## THE DETAILS

Recipes and Instructions: We provide a digital handout for each event which includes a detailed list of equipment needed, ingredients and instructions. Guests will need to shop for the event in advance, but the menus have been designed to limit the need for specialized tools or uncommon ingredients. Our packets also include information and links to online shopping resources. If you would like to see the handout and kit information for any menu before booking, just ask!

Companion Kits: BLVD Companion Kits include non-perishable ingredients, printed recipes, and sometimes even a keepsake tool, depending on the menu. We provide priority shipping with tracking information for every recipient.

Dietary Restrictions: Most menus are flexible enough to accommodate guests with dietary concerns. If we are made aware of these restrictions in advance, the chef can provide guidance during the event on any modifications, and recommend substitutions on the shopping list. We also offer Vegan and Gluten-Free companion kits for certain events, at a small additional charge.

Zoom Meeting: We'll send a dedicated private Zoom meeting link within 24 hours of finalizing your booking. For larger groups, we can facilitate breakout rooms during your relaxation time. At your election, we can record the event and send you a password-protected link to the video as a keepsake. We are also happy to use your Zoom link or other video conferencing platforms by request.

Event Times: Unless otherwise noted, Cook-Along events are 75 minutes, Mix-Along events are 60 minutes, Combination events are 90 minutes, and Demo Events are up to 60 minutes. We are very flexible with party times, and will generally be able to work with your schedule based on the availability of our chefs.

Gratuities: A **20 % service charge** is added to the event fee, and goes directly to your event team. BLVD Kit prices are all inclusive, and no service fees are applied to those costs.

Booking Process, Deadlines and Payments: Booking is quick and easy! Simply fill out our [brief event inquiry form](#), and our team will be back to you right away with our availability, a quote, and answers to any questions that you have. When you're ready, we'll get you on the calendar and invoice you for a deposit for the minimum fee to confirm the event.

We require **two weeks' advance notice** to book a party. Bookings made within two weeks of the scheduled event date are subject to a late booking premium of 10%. Companion kits may not be available for late bookings, or may require expedited shipping at additional cost.

If we are sending supplies, the final headcount and guest mailing addresses are due **10 business days in advance**. For events without supplies, the final headcount is due **7 calendar days in advance**. The final event balance will then be due and payable.

Cancellation and Change Policy: Events are non-refundable, but can be rescheduled with a week's advance notice. While we do not provide credit if you have fewer guests than originally booked, you are free to add participants to the guest list up until 24 hours in advance, and we will invoice you for any incremental costs.
